Auto Sentry® Petro
Cashless Entry Systems for the Retail Petroleum Market

- Increase Revenue
- Cross Market
- Real-time Management Information
- Monitor the Health of Your Car Wash Network
- Achieve PCI Compliance
AUTO SENTRY® PETRO FEATURES & BENEFITS

- Increase Revenue
  - Increase revenue in the industry’s highest margin category: Car Wash.

- Cross Market
  - Use customizable videos to promote the products that drive sales in other key categories: Food Service, Beverages, etc.

- Real-time Management Information
  - Simplify, analyze, and efficiently manage all car wash statistics and financials. Site data for all locations is available in real-time from your PC, tablet, or smartphone.

- Monitor the Health of Your Car Wash Network
  - View event logs, error code histories, and uptime performance statistics, and receive e-mail alerts for your payment terminals as well as select car wash equipment to ensure the health of your car wash category.

- Achieve PCI Compliance
  - Protect your customer’s card member data and lower your compliance costs with the most secure payment process possible; validated point-to-point encryption.
