## ELEARNING FEATURES & BENEFITS

Experience ICS's eLearning Car Wash Training System, the online training tool that provides owner/operators of both Full Service and Express car washes with an in-depth knowledge of WashConnect®, the industry's leading multi-site car wash management solution.

Users of all levels, from beginners to experts, can benefit from the ICS eLearning system which uses creative videos, interactive virtual lessons, and quizzes to educate car wash employees on all aspects of the WashConnect program. The self-paced nature of the system allows car wash employees to complete the required training when time permits and provides car wash owners and car wash managers with convenient reporting tools that enable them to see each car wash employee's progress in real time.

ICS's eLearning system is web-based and can be accessed at any time, from anywhere. Car wash employees can take a course on a computer at the car wash, complete a quiz from an iPad at home, or review informative tips on a smart phone while at the car wash. The eLearning Car Wash Training System is multi-platform enabled, mobile friendly, and customizable to provide all car wash organizations with an effective training solution.

The eLearning Car Wash Training System by ICS is a flexible, powerful training tool that will be adapted to a variety of ICS technologies in the future to provide ICS customers with a cutting edge training tool that can be accessed from anywhere!
