

Auto Sentry® MAX

Featuring a brilliant 32" interactive screen

Introducing the ICS Auto Sentry® MAX. It's the biggest news from the company that's been leading the car wash point-of-sale category for decades. Take customer experience to new heights by boldly presenting your wash packages and adding even more customizable videos. Start enjoying increased club sales and upgrades while maximizing revenue with the ultra-user friendly MAX. Only from ICS.

- Once the customer touches the welcome screen the wash package area auto adjusts to the height of the vehicle.
- Every screen will have its own customizable video that will play on half of the 32" monitor.
- This unit features our brand new user interface with greater flexibility of your on-screen graphics.
- Bigger Screen = Less Labor. Sell clubs more easily than ever before.

People-Powered. **Technology-Driven.**
