INTRODUCING Auto Sentry® Intelligence

Now your payment terminal is smarter than ever.

- **Automate intelligent, dynamic prompting** – Trigger real time prompts based on customer profile, visit history, vehicle type, behavior, and conditions
- **Turn your Auto Sentry into your “always on” sales assistant** – Use Auto Sentry as an intelligent hub connecting to your customer and knowing the best opportunity for a successful sales pitch – selling for you at the point of decision.
- **Strategically grow memberships and revenue** – Upsell or discount intelligently based on customer value, frequency, and profitability.
- **Create dynamic customer profiles** – Leverage a library of AI driven use cases such as first time customer prompts, frequency based offers, and vehicle specific upsells.
- **Increase retention and customer loyalty** – Build stronger relationships by providing a relevant, personable, and consistent experience across visits.
- **Adapt messaging to real world conditions** – Trigger prompts based on environmental factors like weather, time of day, or site conditions.
